

THE CLIPPED WINGS

OFFICIAL NEWSLETTER OF THE AIR DISPATCH ASSOCIATION OF
AUSTRALIA

SUMMER 2021/22

President's Report

Hello everyone.

Summer, another season of mowing lawns and barbeques. Our functions, events have been non-existent this year between Covid and lockdowns but let us hope 2022 will be a year of difference, in a good way.

Grant Foster and Anthony Eddie have been busy behind the scenes organising artwork for various products of memorabilia and a tree planting in Memory Park, Penrith, and although this is still open to Penrith Council approval, we do have some allies on our side who are working with us to achieve the tree planting.

We have received the draft copy of the artwork for the wall hangings, and these are shown in an article inside this edition. Fozzy has also been drumming up some artwork for bar runners This will also be shown inside. At this stage, these are only draft copies, and we need some definite orders before we proceed to purchase any of these items. Again, your support in this is paramount because we have not been able to conduct any fundraising barbeques, this is our only form of income. We only have a few Limited-Edition prints left so If you want one, contact our Merchandise Officer, Rusty Towers, to order one.

With the exception, of the Brits, we have had no communication from any of our overseas brothers, so we can only assume all organisations are still lying low because of Covid. The Brits held their annual 47 Air Despatch Reunion Dinner on 6 November 21 and apparently a good time was had by all.

The Sydney group of the association are having their annual Christmas Get Together on 11 December 21 at O'Donahues Pub, Emu Plains 1900hr for 1930hr. Usually a very good night and catch up time.

Last edition, we advised everyone, Mr Phil Thamm, from the Australian Parachute Riggers Association contacted the association reference to the possible amalgamation of the two associations; given Air Dispatchers were being cross trained as Parachute Riggers and the two trades amalgamating. At this stage nothing has been officially put in place and we have not had any contact from the Parachute Riggers Association. We are still standing by on this venture.

SUMMER 2021/22

THE CLIPPED WINGS

At this stage we have not had the opportunity to plan anything for ANZAC Day 2022. The committee will be meeting in the next few weeks to plan this event. If anyone has any suggestions where it should be held, please contact me by email, but make it quick.

So far, our 2022 calendar is very flimsy and looks like this

1. 5 February 22, Casual Dining-In Night at Oberon RSL,
2. 12 February 22, Bunnings Barbeque, North Penrith
3. 25 April 22, ANZAC Day, to be advised, and
4. August 22, Myola Ball

Since our last edition, we were sad to hear of the passing of Alan Murdoch (AKA .50Cal Al and Mudrock). Al passed away from cancer on 6 November 21. He served as road transport with the squadron, AMDTU and later as RSM of 1 ATSR. Although not an Air Dispatcher, he served more time with AD units than a lot of others. Our thoughts go to Margaret and the boys. Al's funeral service was held at Tea Gardens Baptist Church and was well represented by service personnel. The association was also well represented.

My last item for this year is finding a new president for the association. I must stand down at the next AGM. I have explained my reasons in the last edition. In short, if any member of the ADAA does not put their hand up to fill this committee position, we will have no alternative but to wind up the ADAA as a military association and registered charity. This may sound unpalatable to some, but we will have no other option. If any member wants to nominate, feel free to contact me and I will give you all the details on what the position entails.

2020 and 2021 have been difficult years, let us hope 2022 will not be the same. On behalf of our committee, "Thank You" for sticking with us over this difficult time. I would like to thank all members of the committee and the State reps who have done a tremendous job over the period.

Joyce and I would like to wish everyone a very Merry Christmas and a successful and prosperous New Year

Please stay safe

Until next time

Cheers

Nicko

Operation Southern Discovery

We all know the Squadron can deliver just about anything from the sky but occasionally, some tasks can be a bit different. Live loads, real cargo, as opposed to boxes of rocks always present a challenge and that is what happened to a detachment from the Squadron in August.

After more than two months of planning, a team from the Squadron was deployed to Tasmania to rig A22's for the delivery of essential equipment, fresh food, medical supplies, mail and care packages to the 18 scientists and researchers of the Australian Antarctic Division at Mawson Station.

were the

Mawson Station in summer

The Air Dispatchers and Parachute Riggers required to quarantine for 14 days prior to commencement of rigging the loads.

Because of the environmental sensitivity of Antarctica, everything the Air Dispatchers used for the mission had to be brand new or thoroughly cleaned. Even the parachutes were washed to prevent any foreign matter from entering the area. Strict biosecurity measures were in place to protect against Covid and to protect all concerned. A bit different from when we used to do airdrops on Macquarie Island.

Crew Commander Cpl Rachel Jordan checks an A22 prior to loading

A C17A Globemaster III was the drop aircraft. The prepared loads were checked and loaded in Hobart before flying to RAAF Base Pearce in Western Australia, where the aircraft was positioned before flying the final sector to the DZ. Because of the distance involved, in-flight refuelling above the Southern Ocean was carried out by a KC-30A multi-role tanker transport enroute. The refuelling aspect of the flight altitude took 22 minutes which was quiet effort.

The Australian Antarctic Division General Manager Operations and Safety, Charlton Clark said the airdrop was required after thick sea ice prevented vessels resupplying the station last year.

A RAAF KC 30 A Refueller

Mr Clark was quoted as saying

“This aerial delivery of 23 loads of essential cargo will now support the station until our next resupply mission.”

SPRING 2021

THE CLIPPED WINGS

“It truly was an amazing undertaking, involving considerable challenges with both weather and logistics and I’m thrilled it’s been a success.”

As it was mid-winter, the airdrop was conducted in low level light, strong winds and a temperature of minus 25 degrees Celsius. Below are images of the DZ and the load recovery.

THE CLIPPED WINGS

RSL Update

Important Changes to Invalidity Pensions Commenced After 20 September 2007

Email Publication from RSL NSW 8 October 2021

Following a ruling of the Federal Court in December 2020, invalidity pensions payable under the Defence Force Retirement and Death Benefits (DFRDB) Scheme and the Military Superannuation and Benefits (MSB) Scheme (commenced on or after 20 September 2007) will be taxed as superannuation lump sum payments.

The Australian Taxation Office (ATO) has been processing amendments for past tax returns of impacted individuals who have opted-in as part of its remediation program.

Initial round of amendments

As at the end of September, the ATO has amended over 4,000 income tax assessments for individuals that either opted-in to the first phase of its amendment process or had an existing objection with them, around 60% of the individuals who opted-in to having their assessment(s) amended.

If you opted-in but have not yet had your amendments finalised, you do not need to call the ATO for an update. If your amendments have yet to be processed, it is likely because your circumstances are more complex. The ATO is working through the remaining amendments and expects to have all amendments completed shortly.

Next round of amendments

If you are affected by the Court decision and did not opt-in under the ATO's initial amendment process, it's not too late to have your assessments for prior years amended. The ATO will begin the next round of its amendment program from late October by contacting affected individuals who did not initially opt-in.

What do you need to do?

There are actions you should take now if you would like to have your assessments amended:

- Ensure that the contact details that the ATO has for you are up to date so you do not miss correspondence and so that you can be contacted if the ATO requires additional information.
- Apply to Commonwealth Superannuation Corporate (CSC) for a determination if you believe you qualify for a disability concession. By doing this before you take part in the streamlined amendment process you will ensure that the disability concession is taken into account as part of your amendments upfront.
- Lodge any outstanding income tax returns as the ATO cannot amend what has not been lodged.
- Consider seeking financial advice in relation to your personal circumstances as it is your choice as to whether you want to participate in the ATO's amendment process.

For more information or to receive ongoing updates about the streamlined amendment process, please visit the ATO military superannuation webpage at ato.gov.au/militarysuper.

RSL Update

Veterans Claims System to be Overhauled

The Minister for Veterans' Affairs and Defence Personnel Andrew Gee has announced the appointment of independent consultants to overhaul the Department of Veterans' Affairs' claims processing system.

Consultants McKinsey & Company will work with families who have lost loved ones to suicide, to formulate recommendations that will overhaul the system to better serve our veterans.

Minister Gee said the backlog of claims is unacceptably high which is delaying veterans and their families access to vital services and funding.

"One of my top priorities is to improve the claims processing system and cut waiting times for veterans and their loved ones, and as such, I have directed that this rebuild takes place as a matter of urgency," Minister Gee said.

"This is not another review.

"McKinsey will immediately examine how the Department can simplify the claims process, how it is currently processing claims, and identify how we can have a faster, more efficient and effective system for all veterans and their families.

"As part of this vitally important work, I have directed McKinsey to hold meetings with families of veterans who have suffered the tragic and devastating loss of a loved one, so that those rebuilding the system can gain a first-hand understanding of the impact of veteran suicide and the importance of a quick and efficient claims processing system.

"We can't wait for the Royal Commission to get cracking on this crucial reform.

"In the recent Budget \$98.5 million was delivered for hundreds of new claims processing officers for veterans which is welcome news. However, I don't want to see these officers dropped into an inefficient system, tangling themselves up in red tape.

"If that budget boost is to have maximum effect we need to make sure that the fundamentals of the claims processing system are right."

McKinsey will deliver its action plan in December 2021. Minister Gee has reiterated that he wants to see immediate progress so that veterans and their families can receive the support they deserve and require.

"McKinsey will be tackling the issue with an independent set of eyes to ensure that claims are processed in a timely manner. I won't be waiting to action this roadmap," Minister Gee said.

"McKinsey will provide recommendations with clear milestones and deliverables that can be tracked, measured and monitored by the Department of Veterans' Affairs and the Australian Government at three, six, 12, 18 and 24-month intervals.

THE CLIPPED WINGS

RSL Update

“The Australian Government is currently supporting more than 336,000 veterans and their families and we’re committed to ensuring they have the support they need, when and where they need it.

“Our veterans have served our nation with courage and distinction and we must give them the best possible care and support. They deserve nothing less.”

If any veteran or their family member has information that will help this process, Minister Gee encourages them to get in touch by emailing office.ministergee@dva.gov.au.

If you need assistance with making a claim to the Department of Veterans' Affairs you can [contact RSL DefenceCare](#) to access free DVA claims and Veteran Review Board services, or [contact your local sub-Branch](#) to connect with a claims advocate.

Bar Runners Artwork

As mentioned in the Presidents Report, Fozz has been busy putting together the artwork for Bar Runners. These bar runners are rubber backed and measure 880mm x 240mm.

Below are the draft designs for these items

We need to sell about 50 of each to cover our set up costs.

We estimate the runners will be about \$20.00 each plus \$12.55 postage both of them

At this stage, we are only looking at expressions of interest so if you want one, let us know.

If you are interested in purchasing any of these, contact Nick by email president@adaa.net.au

Metal Artwork

As printed in the last issue of the Clipped Wings, we have been in contact with an organisation who does metalwork military designs for both wall hangings and firepits. The firepits are yet to be designed.

The Association has commissioned this organisation to produce the artwork and computer program to create the following designs:

1. A Rising Sun Badge
2. An AD Brevet
3. Basic Paratrooper Wings, and
4. 3 RAR Paratrooper Wings

These designs are cut from 3mm steel plate and powder coated in black.

Each individual wall hanging to be \$120.00, or

For two \$230.00, and

Three \$330.00

Plus postage

We need to sell about 35 wall hangings to cover our set up costs.

Below is the draft artwork

If you are interested in purchasing any of these, contact Nick by email president@adaa.net.au

Interest

ADAA Poster 2021

The ADAA committee is continually striving to promote our association and offer incentives for its members.

At our AGM on 24 April 21, we unveiled 'The Australian Army Air Dispatcher'. This artwork was the brainchild of our Vice President (VP), Anthony Eddie, who realised many other military units had this style of art and we did not want to be left behind.

The ADAA commissioned Mrs Tamara Telly, who, whilst in lockdown during the Covid crisis produced this brilliant piece of art. The original was completed using coloured pencils from photographs supplied by the VP. The print depicts different aircraft and air resupply methods used by Air Dispatchers since our inception.

There have been 100 Limited Edition prints produced and a good percentage of them have been purchased already. If you would like one of these excellent pieces of artwork, they can be purchased on-line through our website.

Cost for financial members is \$30.00

Cost for non-financial members \$40.00

Registered post within Australia \$18.95

Postage overseas To be advised

Be quick to secure a copy of this Limited Edition artwork.
